

## **HOLOCAUST REMEMBRANCE DAY 2020**

### **FREE EVENT**

### **"You have changed my pain into Dance" (Tehillim 30)**

The **FREE EVENT "You have changed my pain into Dance" (Tehillim 30)** for the **Holocaust Memorial Day 2020** at the **Beit Shalom Congregation**, Pozzuoli, Italy, the only presence of a Messianic Jewish Synagogue and Messianic Jewish Community of the Municipality of Pozzuoli, Province of Naples, Italy.

The event will have a total duration of two hours **from 10.00AM to 12.00AM on Monday 27 January 2020 at the Beit Shalom, Pozzuoli, Italy.**

Jewish dance is an artistic communication tool through the centuries and it represents a unique channel of testimony from generation to generation of the history of Israel, from the Abrahamic Dance to the Davidic Dance, the Dance of the Chosen People by Hashem (God) and called to change the history of the entire world.

We will present three short choreographies of which history will teach those present about the depth of Israel's love for His One and True God, the only force to overcome the continuous persecutions and anti-Semitism still very vivid and current today in our Local Administrations and Governments.

The three choreographies will also involve the ones attending the event so that the dance may be transmitted to them as a symbol of unity and peace beyond the circumstances we live in.

We wish to involve schools and non-profit also non-governmental entities of the Municipality of Pozzuoli, Italy through this event so that 'the new generations may know and do not forget the Shoà and respect the Jews today as well as they do for the ones which were victims of anti-Semitism in our past, without repeating what we live today in front of the anti-Semitism of the Government and Local Administrations, and all forms of anti-Semitism around us.

We communicate to all the schools and non-profit organizations present in the Pozzuoli area of this Event, so that schools and students may be aware of anti-Semitism in local administrations and they may benefit from such a valuable instrument of culture and historical also artistic heritage present in our territory of Pozzuoli through our **Beit Shalom**, an alive and very present in Pozzuoli despite the rejection by Local Administrations.

The Event also includes the presentation of the **Village of Hope & Justice Ministry Project in Tel Aviv** for the orphans and widows of Israel, which is proposed as a Village of Hope and Justice for the People of Israel and an effective response on Israeli territory for the survival of the People of Israel, the protection of the Jewish people in times of great tension and terrorist attacks in the Middle East and in the nations.
