

**The Five Wise Virgins Agricultural Project**  
**By Village of Hope & Justice Ministry (Onlus) ODV ETS**  
**Perugia, Italy**

The Five Wise Virgins Agricultural Project is founded on the Torah (Bible), which Hashem (God) gave us, which applied in His Creation, in Agriculture, represents the Testimony of Hashem in the Creation and The Preparation Plan of the Bride of Moshiach Yeshua on earth at His Return.

Starting with the Study of Biblical Scripture through the Jewish (Messianic) Heder School (Malva Italia) for children (aged 3 to 13), which starts in September 2021 after Rosh HaShanah, in addition to a Messianic Counseling Training Camp for all Ages called “Let My People Go” in support of the Practical Application of Torah in Agriculture through the Agricultural Project “The Five Wise Virgins”, we train and equip our mishpachot (families) and larger Communities, the new generation of believers in the ways of Hashem (God) in Moshiach Yeshua (Jesus the Messiah), blessing the Orphans of Israel.

“The Five Wise Virgins” Agricultural Project was born from the desire to promote, disseminate, develop and renew the knowledge and wisdom that derive from the biblical scripture, the Torah, in his pure application (Biblical Kosher) by transferring them to the participants, the mishpachot (families), communities and future generations through a Jewish (Messianic Jewish) School called Heder (Malva Italia) and a School of Counseling (Messianic Jew) for the whole family, making use of Didactic Laboratories in the Olive grove, a land we are planning to acquire which consists of 70 olive trees and 10 fruit trees at the moment, as well as an area where a Sukkah (Tabernacle) will be placed to celebrate our first Succot (Feast of Tabernacles) gathering in Perugia (in Virtual format on the Zoom platform and in person for those who can join us).

By combining the Teaching of the Torah and Counseling (Messianic Jew) with practical action in Agriculture, Hashem’s will is fulfilled in our lives as believers in Moshiach Yeshua in all aspects of our life.

In order to apply the Laboratories in the Agricultural Field, Village of Hope & Justice Ministry is organizing Laboratories in the Agricultural Field. With this in mind, Village of Hope & Justice Ministry has therefore evaluated the purchase of the plot of land in question since it is good and well-kept by the farmer owning it, is close to our headquarters in Perugia that has just been purchased on the 1st of November 2020, which will give all of us the opportunity to put into practice the Teachings of the Torah every day from Sunday to Thursday, and of Messianic Biblical Counseling according to the Calendar Courses 2021-2022 (at our Ministry headquarters and on the Zoom platform), in addition to the Agriculture Laboratories (Biblical Kosher) once a week on the land itself (on a Zoom platform and on the land in question).

**Certificate of Eligibility:**

At the end of each practical Agricultural Weekly Laboratory (called BOGS: Boots on the Ground) and on the Zoom platform there will be a Final Exercise (practical and fun to do together as a mishpacha) to receive a Certificate of Eligibility and access to the Next Level of Learning, both for the Jewish School of children (from 3 to 13 years) and for the Messianic Counseling School for the whole family.

The Evaluation Method used is called Self-Evaluation and it is a short but effective method of evaluating the concepts received and practiced which gives way to see the fruits of faith in Moshiach in our mishpachot and future generation.

It is this Project in itself, not just a Prophetic Act of Blessing, on our mishpachot (Families) and on Israel in every sphere of life where it is applied, but it brings unity and order to Biblical Knowledge to the Bride of Yeshua, since everything we learn on the Torah must be proved, according to the Torah, that always comes to its fulfillment (Jeremiah 1:11-12).

The ultimate goal of the project is to cover the primary survival need of every child in Israel in recent times and in the diaspora that is born a Jew and that needs to be trained according to His Ways and not those of the world, but is orphan and disadvantaged, who needs each of us (Jew and Gentile in the Moshiach) to be trained to know the Moshiach (Yeshua) in his or her life.

So, as you bless our Messianic Village of Hope & Justice Ministry through this Agricultural Project, you not only receive blessings, the fruits of the tree adopted, the pure oil that comes from it from the pressing of the olives, but because you bless Israel, adopting an olive tree on the Italian soil, you are blessing an Orphan in Israel, who will receive through our Ministry the knowledge of Moshiach (Yeshua) through this Agricultural Project in partnership with Messianic Jewish Ministries in Israel which are specialized in the care of orphans.

Adopting an Olive Tree (ONE OF THE SEVENTY) in Italy means giving one's own TENTH to Hashem, to know Hashem and Israel, the Apple of His Eye, to be not only called to Israel, but being a Jew among the Jews, having a heart circumcised in Hashem, knowing the roots of Judaism in Christianity for the Gentiles and Jews which have lost their path but which are willing now to commit themselves to Him, getting familiar with the Jewish Culture, the Heart of Israel, the Desires of Israel, Her Infinite Love for HaShem and from Hashem for Israel.

Adopting an orphaned child in Israel through this Project means giving the TENTH OF THE TENTH to Israel, according to biblical scriptures, specifically to those who are the most vulnerable and voiceless, the orphans and widows of Israel. This will not only grow Your Faith but will bless you according to the Biblical Scriptures (Torah) that we will study together with your children (from 3 to 13 years old) at the Jewish School Heder Malva Italia, and this will make you responsible for the life of someone else who depends on you in his/her survival and their Messianic Jewish Education so that he/she may receive the Redemption in the Moshiach.

Bless Israel, and you shall be Blessed, You and Your House. If not now, when? (John 2:1-11)

Below is a Brief Calculation of the Basic Expenses and Related Blessing Opportunities to Israel:

Calculation of Land Purchase Costs in Perugia, Italy:

The land to be acquired in the area adjacent to the Municipality of Perugia has a cost (already negotiated with the real estate agent) of (minimum) 15,000.00 Euros (originally 19,000.00 Euros) plus the costs of the notarial deed, Real Estate Agency and Registration Tax. We therefore thought of offering a chance to bless the Orphans of Israel from Italy through the Adoption of One or More Olive Trees and Fruit Trees in the ground that we are planning to buy in Perugia.

**Cost (OUR counteroffer) of the Agricultural Land: Euro 15,000.00 (Request Initial Price Euro 19,000.00)**

**Notary Fees including Registration Tax: Euro 2,500.00**

**Real Estate Agency Fees: Euro 1,500.00 + VAT (22%)**

**Total: Euro 20,000.00**

The Cost of a possible well is not included, the Cost of which is between 4,000.00 and 5,000.00 Euros. Now the land receives water from a well shared among three plots which take water from a present vein that passes under the ground itself. Olive trees do not need water but fruit trees do, so we plan to dig a well as soon as we have the opportunity to do so and become independent from the existing well shared with other land.

If we manage to cover this Total of 20,000.00 Euros to buy the land, we can also start planning for digging an independent well, which it is needed in the future and we can start building the Foster House in Israel called Malva Italia in Jerusalem for Jewish Orphans.

It only takes 20 Euros a month for ONE year to bless an Orphan for ONE year who will receive the chance to be adopted, cared for, protected and instructed according to the principles of the Torah in the Redemption of the Moshiach Yeshua, and the more we are faithful the more Hashem will bless us in what we do for these little ones He cares about so much. We need your help, as we have already paid in advance the full amount for the purchase of the land as well as for the house which is our Ministry headquarters and which we are preparing for His Persecuted Bride of the Last Days in Perugia, Italy. We will also plan to buy a house in the USA that will be a shelter as well for The Jews in the Last Days. We have used all of our inheritance to invest it in the kingdom of Hashem, we have given everything we have to Hashem so that He can bless other Jews in the Messiah in the end times.

Both houses in Italy and USA are places of Refuge for Believers in Moshiach Yeshua in the present and future times of persecution coming dear in the Lord. Don't be deaf to the Ruach Hakodesh! Wake up, Brothers and sisters, be wise like the Five Virgins, do not remain in oblivion, do not accumulate treasures on earth (Matthew 6:19-34), but in Heaven, seek Hashem with all your heart and He will give you the wishes of your heart (Isaiah 1:11-17). We have given everything we had in obedience, and we continue to do so in love for Hashem and for His holy name (Deuteronomy 30:11-14, Romans 10:1-11), now is the time of Awakening! We are looking forward to seeing your participation with great faith in Moshiach and PRAY that you may all participate at His Wedding Banquet in His Kingdom, Blessings in Hashem, Beshem Yeshua, Amen.
