Heder Malva Italia

A Premier Boutique Messianic Hebrew School inspired by the Reggio and Montessori approach, our school combines the arts, nature, academic excellence and values to create a culture of learning and exploration. Our school fosters a life-long quest and love for learning, building a strong foundation for social, emotional, academic, physical and spiritual growth.

Heder Malva Italia is a place where children aged 3-12 discover creative and nurturing experiences.

Our classrooms are our “third teachers”. Everything in them provides an opportunity for learning and growing. They are large, bright, warm and natural. Our school is equipped with state-of-the-art learning materials and resource guides

Every child is unique, with his/her own interests and learning styles. We provide our children the space and opportunity to interact and play in a meaningful environment. We are a place where children can construct new ideas and discover the world around them. They are inspired to think, reason, question and experiment through play and hands-on activities.

The curriculum is inspired by Reggio Emilia and Montessori designed to combine learning through self-discovery and teacher guidance. This encourages children to gain confidence and experience cooperative relationships with both peers and adults, all in an atmosphere of inspiration and growth filled with joy, laughter, traditional Jewish values, and developmental and academic excellence.

We believe that the most important goals of our school is to enhance our children’s self-esteem, to respect each child as an individual, to foster social-emotional growth, to create a sense of

community and family, to appreciate the beauty of our Messianic Jewish heritage and traditions, and for our children to be stimulated and inspired to construct their own knowledge and “own” their daily experiences.

Heder Malva Italia is a creative, progressive environment where children (age 3-12) receive a warm, happy and enriching educational experience. Our purpose is to provide our students with the highest quality education in a secure, nurturing and stimulating environment.
